

# Building Safe Zones

*Due to unexpected overwhelming demand, both parts 1 and 2 of Sculpting the Needs of an LGBTQ Family will be held on the same day. Because this presentation provides a much stronger and effective learning experience in smaller groups, we are offering three complete sessions. Registrants will need to attend only one.*

The three trainings listed below will build on Gender Identity and Understanding, which was presented on April 9. Attending any one session will qualify the registrant to participate in Safe Zone training in September. Providers who complete the Safe Zone training will receive an LGBTQ Safe Zone sticker to display in their offices and will be able to serve as a resource for co-workers.

All of the trainings are **free**, including the SAFE ZONE training.

*Please register for only **ONE** of the following trainings:*

Monday, June 11, 2018  
10:30-12:30 a.m.

Sculpting the Needs of an LGBTQ  
Individual and Family - Parts 1 and 2
